

**NOTICE OF EMERGENCY CHANGES
TO THE UTAH FISHING PROCLAMATION
OF THE WILDLIFE BOARD FOR THE TAKING
OF FISH AND CRAYFISH 2015**

I, Greg Sheehan, by authority granted in Section 23-14-8 of the Wildlife Resources code of Utah declare and emergency amendment to the 2015 Utah Fishing Guidebook. The following has been amended:

LOWER ENTERPRISE RESERVOIR (Washington County):

The daily bag and possession limit has been raised to:

Eight (8) trout

UPPER ENTERPRISE RESERVOIR (Washington County):

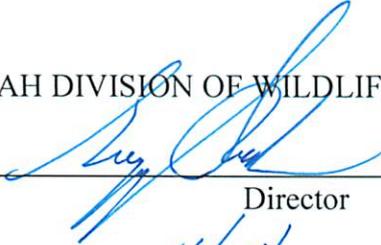

The daily bag and possession limit has been raised to:

Eight (8) trout

Due to extremely poor snowpack and low water levels, Lower Enterprise Reservoir will be drained during early summer 2015 for irrigation needs. In addition, all but the small conservation pool owned Utah Division of Wildlife Resources (200 acre-feet) will be drained from Upper Enterprise Reservoir. The emergency changes to harvest limits are intended to allow anglers to utilize trout stocked in these reservoirs before they are lost.

These changes are effective April 14, 2015 and will remain in effect until January 1, 2016. All other rules, established in the 2015 Utah Fishing Guidebook remain in effect.
