

**NOTICE OF EMERGENCY CHANGE
TO THE 2015 UTAH FISHING PROCLAMATION
OF THE WILDLIFE BOARD FOR THE TAKING
OF FISH AND CRAYFISH**

I, Gregory Sheehan, by authority granted in Section 23-14-8 of the Wildlife Resources code of Utah declare an emergency amendment to the 2015 Utah Fishing Guidebook. The following has been amended:

Tibble Fork Reservoir (Utah County):

- INCREASE the daily bag and possession limit to eight (8) fish

This change is effective immediately as of November 16, 2015 and will remain in effect through December 31, 2015.

Tibble Fork Reservoir will be drained beginning as early as April 1, 2016 to make repairs to the outlet works, upgrade Tibble Fork Dam to meet dam safety and seismic standards, and increase water storage. The reservoir will not be re-filled until construction is completed in the winter of 2016. Limits are being temporarily liberalized to allow anglers to harvest fish that would otherwise be lost.
